## **RESEARCH IN PROGRESS:**

Children with depressed mothers:

Mechanisms for the transmission of risk for the development of psychopathology

The development of children's understanding of emotions within the family

The development of Mindfulness Based Cognitive Therapy for the prevention of recurrence of perinatal depression

**COURSES TAUGHT** (\* indicates courses taught regularly):

**Undergraduate courses taught**

Language and Thought  
 Personality Development  
 Personality Theories and Research  
 Psychology of Family Relationships\*
